

15th June 2020

Dear Year 6 students and families,

Transition Newsletter

We hope you are well and, for those of you that have returned to school, we hope that you are enjoying it.

Unfortunately, the current situation still does not allow you to visit us here at Beckfoot Upper Heaton, so we have brought your new school to you! Please find attached the first edition of our Transition newsletter. It hopefully gives you a taste of what's to come, gets you excited and relieves some worries you may have. Soon we will be sending you a virtual tour of the school and a welcome video, so you really can get to know your way around the building!

We can confirm that we won't be holding a Transition Day and evening this term as planned but are looking at creative ways in which we can hold one in the future. We will be in touch when we have the information for you.

Please don't forget to send your Student Information Form back to school so we have all the information we need about you for a smooth start in the autumn term.

Enjoy his newsletter and keep looking at our website for more transition updates.

Best wishes and take care

Miss Armitage and Ms Berry- Year Transition team
