

July 2021

Dear Parents/carers,

Results Day – Thursday, 12th August – 9am to 11am

All results for the qualifications your child has studied over the course of the last two years in GCSEs, BTECs or Cambridge Nationals can be collected from school, 12th August 9am-11am.

During the morning only students will be able to enter the school building to collect their results. To make the process as efficient as possible; we kindly ask that if you intend to accompany your child you remain outside of school, parents will be able to use our main car park.

There will be a team of staff present during the morning to offer support, guidance, to discuss results and next steps and to celebrate the outcomes of all the students' hard work. In addition, there will be members of our SLT available to discuss any issues you may have on the day. It is important to note that due to data protection regulations exam results can only be discussed with the students themselves as the exam results 'belong' to them.

Lastly, although our grade awarding processes have been quality assured and approved by the Trust and the examination boards all students have the right to appeal against any of their results. There is also the option to resit GCSE's in the Autumn.

Detailed information outlining the appeals process can be found on our website and the method to activate the appeals process is outlined on the link below as well as being available on the school website. Senior staff will be able to answer additional questions on this process on the day or through the results email address.

https://www.icq.org.uk/wp-content/uploads/2021/06/JCQ_Appeals-Guidance_Summer-2021_Appendix-B.pdf

The key dates linked to the appeals process are outlined in the table below and are available on the website.
