OPEN SCHOOL EVENT No.2

Today we held our second Open Event and we were delighted to welcome so many of our families, present and future.

We were honoured to also welcome MP Naz Shah, local Cllrs Nussrat Mohammed and former Lord Mayor, Cllr Shabir Hussain.

Our next Open Event will be held **Thursday, 16th June** from 5pm to 6pm to provide an opportunity for all to attend around

Our aim is to increase parental engagement and establish links with local community groups. We want our school to be part of the community we serve and for all to be invested in the welfare of our young people academically, socially and emotionally.

During these open events, visitors will hear about our school mission and values, access important information about some of the changes we plan to make in school and have an opportunity to ask questions.

Why not come along to the next Open Event on Thursday, 16th June from 5pm to 6pm.

A huge congratulations to Saqib H who made some excellent progress in Basketball earlier this year. Saqib loves his basketball and enjoys playing small sided games with friends. Being a wheelchair user is no obstacle to Saqib or his PE peers who are always welcoming, considerate and help him progress demonstrating inclusivity across a variety of sporting disciplines.

CABINET OFFICE YOUTH DAY

We kicked this half term off on Monday with students from across the year groups having the opportunity to attend a webinar hosted by young Civil Servants from across the UK.

You can read some of the students' feedback below and photos on the following page.

The webinar was quite inspiring, listening to Dr. Yvonne list her accomplishments and the numerous corporations she had spoke to and the fact that she did this despite her background as an ethnic minority, who was welcomed by the Queen but not as much by the public. Hearing her ordeals made us feel like we are capable of anything and has motivated us to take action and make a positive change as leaders for social change. We also believe that England, or Great Britain as a whole, wouldn't be anything without the Civil Services, the people who work behind the Government and make it look powerful and good. This webinar has inspired us to serve the public.

Uzair & Said

we have learnt that if you want to go fast you go alone and if you want to go far go together. civil servants work for us. They work in engineering and other fields which our society depends upon

Musafa & Musafa Yr 9

I found the event really interesting because they have apprenticeships for after A-Levels. I will look into it more because it sounds like a really good career and the departments vary. **Student S**

Today we have been in a meeting where people have been telling us about the Civil Service. The Civil Service is an agency that tells us about how to overcome challenges and fears. The Civil Service creates ideas for the government to tell the world. They make all the decisions for the government. Then the government decides if they will tell the world.

UNIFORM LOAN SHOP

BUH is extremely proud of our new Uniform Support for our pupils and their families. The Uniform Loan Shop supports pupils to meet the uniform expectations of the school through short term daily loans to pupils. Sometimes a pupil simply forgets their tie and other times parents simply cannot afford that new pair of shoes until the end of the month. The uniform loan shop support families with this.
