WHAT'S BEEN HAPPENING IN SCHOOL?

On Tuesday 14th of June Thomas McStravick the Academy Technical Director of Bradford Park Avenue came to deliver a coaching session with some of our Year 9 students. The session consisted of drills focusing on reaction times with mini competitions for the students. There was also a small sided game focusing on dribbling and the students getting to showcase their skills. They finished off with a quick lightning round shooting competition. We will be looking to get some more sessions over the next few weeks focusing on the different skills within football. This is what some of the students thought of the session.

Toheed: Enjoyed it and can't wait for more

Hanin : Really tough but found it fun

Bread Making

Year 5 students from Beckfoot Heaton Primary School spent a very happy morning baking bread at Beckfoot Upper Heaton today. The whole school smelled delicious and we were very impressed at the standard of the loaves and rolls they made.

WHAT'S BEEN HAPPENING IN SCHOOL?

"As soon as we arrived, I could tell that this was going to be an amazing trip. I couldn't wait to get off the coach! The lovely landscape we saw as we made our way around the path was very refreshing as we walked along the river. We stopped at a small beach area where we skipped stones and watched the ducks.

We bought some ice creams and trinkets from the shop and had our lunch. We had a lot of fun exploring the shops.

We continued along to the abbey which was also The Priory Church where we went inside. It was very peaceful and calming. Seeing the ruins of the old church was very insightful and historical. The beautiful architecture lefty everyone in awe. Overall the trip was one of the best and everyone was sad on the way back as we had so much fun."

Visit from Leeds Beckett University student ambassadors

Last Friday 20 students from Year 9 and 30 from Year 10 attended a talk given by two undergraduate students from Leeds Beckett University; Nicole who is studying Fine Art and Angad who is studying Law. They spoke about what university is like, from a typical weekly schedule and the type of accommodation on offer, to the different clubs and societies available and how much it all costs.

Students were amazed to discover there are over 400 higher education establishments in the UK where you can study for a degree and over 50,000 degree courses! Leeds Beckett alone offers over 300 courses and specialises in Sports Studies. It has the most modern university sports campus in Europe and sports teams that compete all over the country.

Miss Pye and Mrs Mathewson also spoke about their own university experiences. Miss Pye went to Liverpool University where she studied English before doing a Masters in Law. Mrs Mathewson went to Warwick University and studied French & European Literature and had a year in France as part of her degree.

If any student wants to find out more about what university has to offer and how to get there, they should come to the library and chat to them or indeed ask any of their teachers.

UNIFORM DONATIONS PLEASE

Dear Parents of Year 11

We are writing to you today to thank you for your support in helping us prepare your child for the exam period at Beckfoot Upper Heaton. Students will have their last exam on 23rd June. One way we would like to mark the year 11 last exam would be to use the day to do something to help the school community. We would be very grateful if your child/ward would be willing to participate in this by 'retiring their uniform' and leaving their blazer and tie on their exam desk once their final exam is finished. Staff will then ensure all unwanted uniform is cleaned and passed on to students to would benefit from the charitable donation. If you intend to pass your uniform onto siblings, family members or friends please let your child/ward know to simply keep their items with them on the day. Thank you again for your continued support.

Kind regards

Mrs Alleyne and Mr Watson.
