Our New Homework Policy

Dear Parent/Carer,

I hope you that this letter finds you well and that your child (or children) are enjoying their start to the new school year.

I would like to introduce myself to you all, as a new Deputy Headteacher at Beckfoot Upper Heaton, with the responsibility for Quality of Education.

Colleagues and I have listened carefully to recent parent/carer feedback regarding homework and home learning and, as a result, we have developed a new homework policy.

The policy is attached to this letter and sets out:

- How much homework students should receive in each key stage
- What format this homework will take
- How the homework will be assessed and checked
- How information regarding homework completion will be shared with you

Please ensure that you have the ClassCharts app installed on your phone or tablet if this is possible as it will enable you to see what homework has been set and whether your child has completed their homework.

In addition to this, we will be launching some new initiatives to support both students and parents/carers in completing homework over the next two weeks and I will share this with you shortly.

Should you have any queries or concerns regarding homework, please do not hesitate to get in touch.

Yours sincerely

Mrs J George
Deputy Headteacher
